WLL Weekend Services and Engineering Works

There are no changes to the regular London Overground or Southern timetables on Saturdays.

The Group understands that, on MOST Sundays from April until December 2009, due to engineering works at Willesden Junction, there will be no London Overground service between Willesden Junction and Shepherd's Bush - Bus 220 may be a suitable alternative. On these Sundays the Southern and London Overground WLL services will between them provide a half-hourly service between Clapham Junction and Shepherd's Bush. For dates and details of any other engineering work on the WLL and/or elsewhere, please check before travelling with National Rail train enquiries, on www.nationalrail.co.uk or local publicity on stations.
